1.Statement of intent

At Moor Row Primary School, we understand that pupils must be provided with an education that prepares them for the opportunities, responsibilities and experiences of adult life. A key part of this relates to relationships education, which must be delivered to every primary-aged pupil. Relationships education focusses on giving pupils the knowledge they need to make informed decisions about their wellbeing, health and relationships, and to build their self-efficacy. Health education focusses on equipping pupils with the knowledge they need to make good decisions about their own health and wellbeing. At Moor Row Primary School we also teach Sex Education as age appropriate.

We understand our responsibility to deliver a high-quality, age-appropriate and evidence-based relationships, sex and health curriculum for all our pupils. This policy sets out the framework for our relationships, sex and health curriculum, providing clarity on how it is informed, organised and delivered.

This school's RSE policy is based on the DfE's Sex and Relationship Education Guidance (2000).

2. Aims

The aims of sex and relationship education (RSE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene

- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

3. Statutory / Non-statutory requirements – School Values

The Relationships Education, RSE, and Health Education (England) Regulations 2019 have made **Relationships Education** compulsory in all primary schools from September 2020. Sex education is not compulsory in primary schools. As a primary school it is compulsory to teach the elements of sex education contained in the science curriculum.

At Moor Row Primary School, we teach Sex education as well as relationships education at an age appropriate level. Sex education is part of the personal, social and health education curriculum in our school. Sensitivity and respect should be shown to all children when teaching about personal relationships and sex education and RSE should be taught in a way to ensure that there is no stigmatization of children based on their home/personal circumstances.

Values

Pupils, parents, staff, governors and the community have a duty to help support the embedding of the school's common values and ethos. These are:

- **Manners**
- **Respect**
- **Success**

These values are demonstrated through the RSE policy in the following ways:

Manners

Adults and pupils will ensure that there is a clear understanding of safe online friendships. A safe learning environment will be created through friendship.

Respect

Adults and children will ensure that that there is a clear understanding of caring and respectful friendships.

Adults and pupils will support each other by talking and listening to each other's views and opinions.

Pupil's will learn that consensual sex is between 2 adults who care and love for each other

A safe trusting learning environment will enable pupils to ask questions to aid their understanding of RSE.

An anonymous question box will be available so pupils can ask questions in a trusting environment.

Pupils will be expected to show respect to others questions and to listen to answers provided.

Success

The creation of new life will be celebrated.

4. Definition

Sex education at Moor Row Primary School ensures pupils are prepared for the changes that adolescence brings and, draws on the knowledge of the human life cycle set out in the science curriculum, how a baby is conceived and born. All lessons taught are age appropriate.

5. Delivery of RSE / Curriculum

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

The delivery of the relationships, sex and health curriculum, including what is taught in each year group

Parents receive notification via letter when non-statutory Sex Education is to be taught.

The school aims to build positive relationships with parents by inviting them into school to discuss what will be taught, address any concerns and help parents in managing conversations with their children on the issues covered by the curriculum. Parents are consulted in the review of the curriculum and this policy, and are encouraged to provide their views at any time.
