1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- The classes of information which we publish or intend to publish;
- The manner in which the information will be published; and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Aims and Objectives

The school aims to:

- enable every child to fulfil their learning potential, with education that meets the needs of each child,
- help every child develop the skills, knowledge and personal qualities needed for life and work,

This publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

- **Class 1: Who we are and what we do** (organisational information, structures, locations & contacts)
- **Class 2: What we spend and how we spend it** (financial information relating to projected and actual income and expenditure, procurement, contracts and financial audit)
- **Class 3: What our priorities are and how we are doing** (Strategies and plans, performance indicators, audits, inspections and reviews)
- **Class 4: How we make decisions** (Decision making processes and records of decisions)
- **Class 5: Our policies and procedures**
- **Class 6: Lists & Registers** (currently maintained lists and registers – this does not include the attendance register)
- **Class 7: The service we offer** (information about the services we offer, including leaflets, guidance and newsletters produced for the public and businesses)

4. How to request information

5. Paying for information

Single copies of information covered by this publication are provided free unless stated otherwise in section 6. If your request means that we have to do a lot of photocopying or printing, or pay a large postage charge, or is for a priced item such as some printed publications or videos we will let you know the cost before fulfilling your request.
